

## Honeymoon Suite

By Richard Bean, New Vic, Stoke, 2009.

### Reviews:

Pick of the week, the Guardian, April 2009

Tim Luscombe's fine revival feels like a fond tribute to three ages of British comedy, Carry-On, Terry and June, and the surreal pathos of a Mike Leigh scenario. (Guardian)

Tim Luscombe's acute and strongly acted revival makes the most of key moments.

Tim Luscombe does a fine job of making the most of the theatre-in-the-round's intimacy.
